EDUCATION FAIR @ DAINIK BHASKAR

भोपाल में आयोजित मध्य भारत का सबसे बड़ा एजुकेशन फेयर बेहद सफल रहा
जिसमें स्टूडेंट्स को टॉप कॉलेज और यूनिवर्सिटी में अपने पसंदीदा कोर्स चुनने का अवसर मिला।

Opportunity is an appropriate or favorable time or occasion that comes in the life of almost everyone only if one takes it positively. People are not dealt the same hand in life. They all have different starting points. We are all born with different talents and abilities. However, we all have the choice to get better at what we do, and, despite our starting point in life, we can often do something about it – to either get ahead, stay still, or slide backward. The bottom line is that successful people have made it because they had an opportunity (and they were prepared for it) and they made the most out of it.

The Sage Group is successfully channelizing platforms for the hardworking students from the decade. SUI unexpectedly performed exceptionally in academic, sports and placements. It aims to provide the best for changemakers.

ED Ma'am : An Inspiration of SUI

You will adhere to the person who has the greatest influence on your life in order to develop your abilities, knowledge, and bravery!!!

SUI is blessed to have an inspiring personality and role model for all the young minds. She treats a strong impression on the minds of budding generation with the way she speaks. Her style is simple and lucid which makes her "Highly Influencing in life of Youth".

Sage is proud to have such an encouraging personality who is fearlessly taking university on the next level.

Her recent achievement is "Patrika Pratibha Samman". There she interacted with students who are seeking opportunities as well as road map to reach them. ED ma'am interacted with students about the prominent topics like career and personality. Our dearest ED Ma'am also got felicitated for her wonderful performance in the world of business, and for never giving up. SUI congratulates ED ma'am for adding one more pearl to her book of treasures and also wishes her good luck for future goals.

Pillar of Strength: Honourable Pro-Chancellor Sir

Dream Big, Think Big, Do experiment and achieve your goal. Information leads to knowledge and knowledge leads to wisdom. Wisdom takes a person to the level of cognition. Being a Pro Chancellor of SAGE University, our Honorable Pro-Chancellor Dr. Prashant Jain here to turn information to wisdom and hence to cognition.

He believes that today's era is full of technological Advancement and Highly Skills technopride and professional. Manpower is the requirement of the society. He puts great affords to uplift quality education and promote innovative approach that laid work to touch sky because sky has no limit and this is only the key to success.

It would be a matter of great pride to him to see Sage University students excelling in every sphere of life. SAGE is Technical University and are Pro-Chancellor Sir plays an active part in the evolution of contemporary education and has set high standard for Sage University. His vision is to provide an unparalleled learning experience to students. He serves as a catalyst for imparting education in every institutions. Sir feels committed to reach the zenith through proper aptitude and attitude by creating an environment to inspire the students to give their best and transform them into a good human being.

Sir wishes good luck to all the students and welcomes you all to be a part of SAGE journey of learning without boundaries.

Dr. Prashant Jain
Pro-Chancellor,
SAGE University, Bhopal & Indore

CELEBRITY MANIA **ARJUN KAOOR, DISHA PATANI & TARA SUTARIA @ SAGE INDORE**

On 21st July 2K22 Bollywood starcast Arjun Kapoor, Disha Patani & Tara Sutaria all were in Sage University, Indore Campus to spread their charisma. For the promotion of the movie "Ek Villain Returns" Here the glamorous stars of the movie personally interacted SAGE Students and energized the youth.

Glow Ladies with Hariyali Teej @ 2022

आओ सखी मंगल गीत गाये, आओ सखी पिया लुभावन श्रृंगार,
लाये आओ सखी सब मिल कर सावन का पर्व हरियाली तीज मनाएं।
पेड़ों पर झूले, सावन की फुहार मुबारक हो आपको हरियाली तीज का त्यौहार।

Cheers to Hariyali Teej! Hariyali Teej, an auspicious festival, is being observed nationwide. The sacred month of Sawan, which is devoted to Lord Shiva and Goddess Parvati, is when this celebration is held. One of the most significant Hindu holidays, especially for women, is often observed two days before Nag Panchami. For a blissful marriage, women worship Lord Shiva and Goddess Parvati. Additionally, they keep a fast and dress in fresh clothes, particularly green sarees. Sage University Indore, Institute of Journalism and Mass Communication has organized the celebration of Hariyali Teej for female faculty and staff members. The event was organized to bring out the aesthetic sense of females working in SUI.

Sage happily danced with the happiness of females who made their graceful presence in this beautiful event of Hariyali Teej. The event consisted of Jhule, Fun Masti, Gathering, Singing, Dancing Mehendi, Antakshari, and everything that delights the heart of a lady. This entire event was organized by Dr. Jamuna Mishra; HOD JMC and faculty coordinators Dr. Mamta Ojha; Professor and miss Anusha Vyas; Assistant Professor and student coordinators Kajal Yadav Pawani Sankhi and Shruti Chandak. We are very much thankful to the team of Journalism and Mass Communication for organizing this wonderful event and spreading the vibe of excitement and joy.

Traffic Rules Awareness Event @ Sayaji Hotel

Alert Today - Alive Tomorrow !!! SAGE University has always remained in the forefront to spread general awareness among people. Continuing the same conventional practices of inheriting best values from diligent people and to provide awareness among people, once again Sage Students were on road along with Indore Traffic Police with a note that each and every citizen of Indore should follow traffic rules. If one drives according to the traffic rules, one can save lives and can make it easier for new drivers to feel less intimidated by driving on road. For the noble cause and participation in CSR activities we, SAGEians were felicitated by Traffic Police Indore Satark Group and Bridgestone.

LEGAL NOTICE PLAYS A MAJOR ROLE WHEN FILING A CASE UNDER SECTION 138 OF THE NEGOTIABLE INSTRUMENTS ACT, 1881.

Every minute thing should be taken into consideration while drafting a legal notice. The date of drafting and sending a legal notice must be written on the legal notice as a time limit of 45 days would be counted from there. The art of drafting involves

incorporating the law into the facts to establish a specific offense. Therefore, each element of the crime listed in Section 138 must be incorporated into the circumstances charged in the legal notice for bouncing a check. Sage Institute of law and legal studies organized a

special legal session on Legal Drafting and Noticing under the Negotiable Instrument act on 15th July, 2022. The expert talk was organized by Advocate Anurag Prashar; Practicing Advocate Supreme court of India.

The sessions were conducted under the guidance of Mrs. Niti Nupana Saxena; HOD Inst. of Law and Legal Studies whereas the convenor was MS. Rimjhim Sahu; Asst. Prof. Institute of law and legal studies. SUI congratulates the Institute of law and legal studies for conducting such an informative session to feed knowledge to the students who are seeking careers in law and legal studies. We also appreciate the teamwork of LAW AND LEGAL STUDIES for working tirelessly to bring a change in the upgradation of the legal system.

FORENSIC GRAPHOLOGY IS THE STUDY OF HANDWRITING

It is a unique meaning and has many things for the study. Integrative graphology focuses on various strokes and their relation to the personality of an individual. The study of handwriting, particularly that used in ransom notes, poison pen letters, or extortion requests, is known as forensic graphology. Even though forensic graphology is a widely used and recognized scientific technique, it cannot determine a person's age or sex from their handwriting. However, it can provide clues as to the person's mental state at the time of generating a certain document, be it a suicide note, a poison pen letter, or a blackmail letter. A graphologist may be consulted during an investigation to provide insight into the person's feelings and writing style at the time the document was written. Sage Institute of Sciences successfully organized a workshop on forensic graphology from 14th July and 15th July.

The workshop was organized by delegated members of Sage Institute of Sciences i.e. convenor Dr. Ashutosh Tripathi; HOD Institute of Sciences and coordinator Ms. Sudhanshi Sharma and Ms. Chanchal Gokhle; Assistant Professor Institute of Sciences. SUI invited Mr. Anurag Srivastav; Assistant Professor SVIFS, SVVV, and Dr. Pinki Hablani; Handwriting Expert and graphologist. To share their experience experts guided students of SUI to understand the need for forensic graphology and its benefit in the field of forensics and the career opportunities added with it.

Optimism and excitement are traits of winners

Everyone I know that is successful has a positive view on life. They are resilient when things go wrong because they understand that every cloud has a silver lining. Because they take lessons from every experience, they search for solutions to prevent things from happening. Because they are aware that they cannot change the past, winners don't dwell on it; instead, they concentrate on the future. They are aware that they can still affect what happens after that, though. The capacity to maintain focus on your long-term objectives in spite of subpar short-term performance is what is known as a winning mentality. This is trickier than it looks. When they have a slow month or two, too many people lose sight of their long-term objective and wind up concentrating on their lack of results. They become diverted as a result, and their sales decline further. Earl Nightingale once said, You become what you think about. A hearty congratulations to Mr. Rahul Gupta, Campus Director SUI for Winning Golden Peacock Award.

Everybody has a different definition of success. Success is something that everyone aspires to have, whether it means having a wonderful career, a home, or a family. It fills you with pride, enthusiasm, and the knowledge that you have made a difference in a cutthroat world. However, success is not something you can achieve without making an effort. You must acquire this mindset in order to reach your objectives and develop personally, and it requires effort. In this post, we define what success can entail and go over advice to support you on your path to success. To improve a difficult circumstances give yourself the chance and the space to think solely positively about your predicament, and then observe how much your day or week transforms. If you persist in doing this, your entire life might be altered. SUI congratulates the golden peacock award winner Dr. Akhilesh Upadhyay; Dean Faculty of engineering and technology, Sage University Indore for attaining this reward as the token of appreciation and victory.

"Management is about persuading people to do things they do not want to do, while leadership is about inspiring people to do things they never thought they could." Giving people a platform to share effective ideas is the art of leadership.

Projects are time-bound and should meet specific goals and targets. And to achieve these, there should be a direction to be followed which comes in the form of project objectives. These should be clear and specific and must address the problem that is being stated in the Problem Statement. In a nutshell, objectives are concrete statements that provide information regarding what a project is trying to achieve. It is important that these are written so that everyone involved gets to know it by heart and works towards achieving them. QS-I-GAUGE CONGRATULATES Sage University Indore for achieving gold in subject rating for management. We are thankful to the Sage Institute of Management and studies for achieving the targets and ornamenting university with the gold.

SUI aspires to work passionately and dedicatedly and believes in inspiring every working member to coordinate task by mastering their managerial skills. Because good management consists in showing average people how to do the work of superior people.

CYBER SHIKSHA PROGRAMME @ 2022

Cyber Shikshaa is a component of Microsoft's dedication to providing the poor access to the skills they need for viable career possibilities in a technologically advanced society. The program will create a large ecosystem and assist women in utilizing professional opportunities in cyber security. Women frequently feel marginalized and have turned into stark symbols of the rising inequalities in society. Social considerations frequently have an impact on the employment status of women and their engagement in the workforce. No woman is seen as inferior to males today; they have shown themselves by serving as political representatives of the country and flying pilots, among other things. Women are now active on digital platforms, and the female community has supported hundreds of tech-based start-ups.

SAGE UNIVERSITY INDORE

Institute of Advance Computing
In association with Quick Heal Academy & Data Security Council of India

Organizing
"Cyber Shikshaa Programme"
(an initiative of DSCI & Microsoft)

Date: 19th & 20th July 2022

Speakers

 **Mr. Vishal Kumar**
Director of Cyber Education, Quick Heal Academy

 **Mr. Awadhesh Kumar Shukla**
Principal Security Consultant, Quick Heal Academy

Convenor: Dr. Manoj Kumar Ramaiya HOD, IAC

Coordinator: Dr. Hemang Shrivastava Professor, IAC

www.sageuniversity.in

The "Cyber Shikshaa" program, a 3-year initiative to develop a dynamic pool of talented women professionals in the nation, has been established by Microsoft India and the Data Security Council of India (DSCI). Adding further value to this, 1000 women from underprivileged communities will receive training under this initiative. Opportunities for employment and training were provided through this initiative in 10 different places across the nation. Sage Institute of Advanced Computing in association with Quick Heal Academy and Data Security Council of India successfully conducted the "Cyber Shiksha Programme" on 19th July and 20th July. Eminent speakers for the event were Mr. Vishal Kumar; Director of Cyber Education, Quick Heal Academy, and Mr. Awadhesh Kumar Shukla; Principal Security Consultant, Quick Heal Academy. The convenor of the event was Dr. Manoj Kumar Ramaiya; HOD, IAC, and Coordinator Dr. Hemang Shrivastava; Professor, IAC.

A hearty congratulation to the Institute of Advanced Computing for successfully conducting the event and best wishes for bringing forward such a productive event in the future.

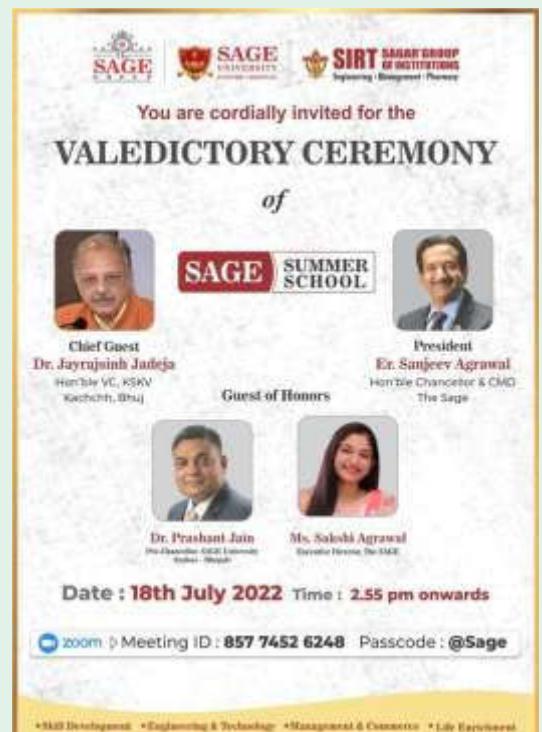

UNIVERSAL HUMAN VALUE WORKSHOP 2022

Human values serve as a benchmark for how people perceive their surroundings and interact with one another. The standard for a person's full existence in society and the life of society on Earth is exactly this norm. The first is the highest values. Values that all people share. Values that have been acquired (made by individuals), such as ethical, cultural, religious, etc. The two most important values are "life" and "freedom." They differ from the latter in that, due to their semantic breadth, they cover all seven human values at once. They perfectly correspond to all three criteria used to test universal human values. In contrast to the highest and most universal values, each person has their own unique set of values that they have "learned" over their life. It is first and foremost an indication of their degree of education and upbringing or their "intellectual passport".

Second, on a larger scale, a reflection of the tremendous diversity of the outcomes of intellectual work carried out at various locations and times in the evolution of the human community, as well as in the modern era, the impact of human economic activity on the environment. National cultures, sciences, religious teachings and commandments, and laws founded on centuries-old moral norms all exhibit this priceless inheritance. SUI, conducted AICTE SPONSORED 5 DAY FACULTY DEVELOPMENT PROGRAM ON FACE TO FACE WORKSHOP ON UNIVERSAL HUMAN VALUE II from 2nd to 6th August 2022. The director of the event was Dr. Akhilesh Upadhyay; Dean, SIET and Coordinator was Dr. Raghvendra Dubey; HOD, IPS, SUI. Sage group congratulates the director and coordinator for successfully conducting the workshop and enlightening students with informative pieces of knowledge.

VALEDICTORY CEREMONY @ SAGE SUMMER SCHOOL

The SAGE Summer School (SSS) is the most unique in Central India that promotes intercultural opportunities for students. "The SAGE Group seeks to offer the top education available on a global scale, maintain sensitive cross-cultural dialogue among bright young people, and help them realize their potential as future leaders in all spheres of society, whether in business, civil, or scientific society, in accordance with the Indian study model. The university provides undergraduate and graduates academic modules for influencing modern developing communities." Each participant at SAGE Summer School received a massive amount of overall development by allowing them to interact with the university's faculty and educational system. The valedictory session of SSS was organized on 18th July 2022 by the Department of SIRT. The ceremony witnessed the virtual presence of the Chief Guest, Dr. Jayrajsingh Jadeja; Honorable Vice Chancellor, KSKV Kachchh, Bhuj, and the president Er. Sanjeev Agrawal, Honorable Chancellor & CMD THE SAGE GROUP. We are very much thankful to our guest of honor Dr. Prashant Jain; the Pro-Chancellor of SUI and Ms. Sakshi Agrawal; Executive Director of The Sage were amongst those who graced the occasion with their presence.

Award-Winning University @ SUI

Top university for vision in central India.

Technology, creativity, and entrepreneurship come together at Sage University to create an effective learning environment. SAGE is committed to the intellectual development of every member of the organization. Additionally, university broadens students' knowledge while inspiring them to gain understanding. Our specialty is shaping the future generation by tightening the roots of pupils. The secret to empowerment is to give someone encouragement. Thank you, Ms. Sakshi Agrawal, for your contribution as a well-known female entrepreneur. Mr. Mohan Yadav, Minister of Higher Education Madhya Pradesh Government, presented the Gift of Reward. It's an honor to share another record in line of the achievements of SUI for winning the award of excellence in Central India. Proudly we announce that SUI has successfully trained over 50,000 alumni and 35,000 placements and over 20,000 students are currently enrolled.

PATEY KI BAAT

WITH
Ms. Sakshi Agrawal
Executive Director
The Sage Group

TUNE INTO 93.5 RED FM
On 31st July 2022, Sunday
10 - 11 AM

SUPER HITS 93.5 RED FM
BAJAATE RAHO!

TUNE IN EVERY SUNDAY FOR DIFFERENT MENTORS AND ACHIEVERS

[rjpayalredfm](#) [RJ PAYAL-REDFM](#) [rjpayal](#)

PATEY KI BAAT with Sakshi Agrawal @ 93.5 RED FM

"Human interaction is something that I believe, as humans, we crave. And that is where bars and social environments come into play." Let's not wait till loneliness and isolation creep into the dark corners of our existence. Do not allow the subliminal fear of despair to increase our existential fragility and anxiety by driving us into oppression through a lack of engagement. Instead, let's connect the dots without fear and reach out to one another while speaking in our tongues. With a very strong belief system 93.5 Red FM plans PATEY KI BAAT with achievers and change makers. It's an honor of SUI to inform you that Miss Sakshi Agrawal, Executive Director of the sage group was invited for the revolutionaries step of youth which 93.5 Red FM conducts. In the interaction of PATEY KI BAAT Sakshi Agrawal interacted with RJ Payal and also shared her ideology of life as well as Mantra of sustaining with pride.

Sakshi mam also focused on young entrepreneurs as well on opportunities that are striking in today's generation. She agreed with the fact that the world is a safe place for achievers and changemakers whereas she also shares that something constant in life changes. One must be accepting to embrace innovation and challenges. If you want to explore new areas of success you have to develop the habit of growing. ED Ma'am spoke that "We can bring positive energy into our daily lives by smiling more, talking to strangers in line, replacing handshakes with hugs, and calling our friends just to tell them we love them."

Plantation Drive NSS @SUI

"The true meaning of life is to plant trees, under whose shade you do not expect to sit." Because if you love a tree you will be more beautiful than before. The National Service Scheme is an Indian government sector public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India. Few wholehearted members of SUI and the team of NSS took an initiative for the plantation drive with a belief that the more trees there are, the cleaner the air will be. Also, this is due to the oxygen levels provided by trees that are then provided to other living things, helping us breathe better and cleaner air. It's an initiative where SUI Vice-chancellor; Dr. Ankur Arun Kulkarni and Registrar sir; Dr. Manish Choudhary delighted the event with their presence. Not only this, but they also participated in the plantation drive and explained the benefit of planting trees by expressing that trees and forests can provide natural filtration, resulting in cleaner water.

This is due to vegetation intercepting rainwater, slowing it down, and stopping it from eroding the soil on the ground. Eroded soils drag pollutants into nearby water and negatively impact aquatic life. But as the rainwater is slowed down, the soil can gradually absorb a more manageable amount, helping it to recharge groundwater and hydrate surrounding trees, all while protecting lakes and rivers! We are thankful for these inspiring ideals in SUI who constantly add innovation to SUI.

Learn with Vivek Bindra @ Session 2022

"Confusion Se Clarity Tak"

Session with **Dr. Vivek Bindra**

30 JULY 2022

Register Today 

https://forms.gle/bAtDgyIkC7NA3eH78

Venue: Sage University Campus, Katara Hills, Sahara Bypass Road, Bhopal

Limited seats Available

One of the World's Greatest Influencers, Dr. Vivek Bindra the CEO and founder of Bada Business was invited to enlighten students of Sage University. He is also an international motivational speaker, leadership consultant, corporate trainer, and inspirational business coach. He has set eight Guinness World Records for the largest webinars on various subjects. A former monk who now runs his own business, he has received an honorary doctorate in philosophy. He continues to inspire millions of people around the nation and is a respected counsel to almost 1,500 corporate entities. Over 100 of the country's Top CEOs have benefited from his CEO coaching. Dr. Bindra is the author of ten highly effective motivational books. Through his writings, he teaches and trains people in business, and he discusses how someone can turn a love for entrepreneurship into a successful firm. His training of the largest group of HR professionals at the conference "Can HR Become a CEO?" earned him a place in the prestigious Golden Book of Records.

Additionally, he has been named by Digital First as one of the "21 Technopreneurs to watch out for in 2021. SUI successfully organized a session of interaction "Confusion se Clarity Tak" with Dr. Vivek Bindra where he delivered some wonderful tips and advice on evolving as a businessman as well as how a successful personality takes shape. We are thankful to SUI and grateful to this exceptional personality for bestowing knowledge and learning to the change makers of SUI.

Mr. Vilekh Adawadkar
Software Trainer
Universal Informatics

Convenor
Dr. Rajat Bhandari
HOD, CSE & IT

Coordinator
Dr. Neha Bharani
CSE & IT, IET

Expert session on Angular @ SUI 2022

Angular is a platform for building mobile and desktop web applications. With the use of HTML and TypeScript, single-page client applications may be created utilizing the Angular platform and framework. TypeScript is used to create Angular. As a collection of TypeScript libraries that you load into your apps, it implements both core and optional functionality. TypeScript is used to create Angular. It is the suggested language for Angular app development. There are many benefits to using TypeScript instead of JavaScript, but fewer problems and an improved capacity for confident code refactoring are at the top of the list. Sage University Indore, Department of computer science engineering and information technology IET organized an expert session on angular.

The session was conducted on 28th July 2022 where Mr. Vilekh Adawadkar, software trainer Universal informatics delivered an expert session on the benefits of angular as well as he also explained angular from core to advanced. The convenor of the event was Doctor Rajat Bhandari HOD, CSE and IT, IET Whereas the coordinator was Dr. Neha Bharani, CSE and IT, IET. SUI thanks the Department of computer science engineering and information technology IET for organizing a wonderful expert session.

The Impact lecture series scheme requires IIC institutions to organize at least two sessions in the field of creation, IPR, and start-up by inviting successful innovators, patent experts and entrepreneurs, and resource persons from the innovation and start-up ecosystem. Sage IEDC Cell and Sage IIC organized an Impact lecture series on IPR Entrepreneurship / Funding in association with IIC. The series was organized on 26th July 2022. The eminent speakers were Mr. Nilesh Trivedi; assistant director MSME-DFO, Govt of India, Ministry of MSME; Dr. Vaibhav Neema, IET-DAVV Indore, Dr. Vikas Maheshwari; Guru Nanak Institutions Technical Telangana and Dr. Ganesh Tiwari; Dr. CV Raman University, Bilaspur CG India. The convener of the event, were Doctor Akhilesh Upadhyay (Dean Faculty of Engineering and Technology) Doctor Lalji Prasad (HOD Institute of Advanced computing) Dr. Mukesh Yadav (HOD, EC, Department) Professor Sonal Tripathi (HOD applied science) and Doctor Rupesh Tiwari (HOD mechanical engineering.) The series was conducted in online mode where experts from different domains and interests participated actively and presented their viewpoints on IPR, Entrepreneurship, and Funding. Many congratulations to the Sage IEDC cell and Sage IIC for organizing this successful series and providing impactful information to the attendees.

गुरु गोविंद दोऊ खडे काके लागू पायं
बलिहारी गुरु आपनो जिन गोविंद दियो बताए

Please post a selfie with
your guru to show your appreciation.

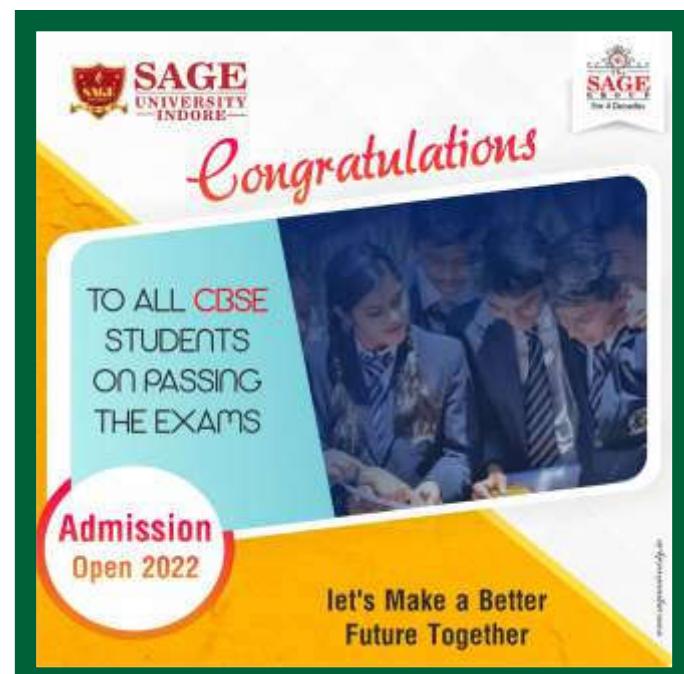

Guru Purnima @SUI 2022

हर विद्यालय की सबसे बड़ी संपत्ति वहा के शिक्षक ही होते है....!

A festival of salute and respect to the Guru. It is believed that by worshiping the Guru on this day, his disciples receive the full fruits of the Guru's initiation. Guru has great importance in our life. Guru Purnima is a way by which students show their love and gratitude towards their Guru or the teacher. "Gu" and "Ru" of which the former means ignorance and darkness in a person and the latter means someone who removes that darkness from the person. So the word Guru means the person who removes the darkness and ignorance from someone. The Buddhists on the other hand celebrate this day to honor their leader Lord Buddha who delivered his first Sermon on this day at Saranath after having migrated from Bodhgaya with 5 of his disciples. They meditated on this day and read the teachings of Lord Buddha. They also observe "upostha" which is a Buddhist tradition followed on this day.

SUI wishes this auspicious day to every member of the, Sage Group. May you respect every guru of life happily and proudly.
